

Waste Qualifications

CIWM (WAMITAB) Level 2 Award in Practical Reuse and Refurbishment – Available from 1st December 2023

About this qualification

Learners will develop the basic knowledge and skills required by employers within the sustainable resource and waste management sector to support the transition to a greener, circular economy.

This qualification is designed for anyone looking to improve their employment prospects for the future by developing practical reuse and refurbishment skills that can be used to prevent items becoming waste. Once learners have achieved this qualification, they will be able to progress directly into entry level job roles or support local community projects.

Who is it for?

- New entrants to the industry.
- Long-term unemployed who wish to retrain.
- Volunteers and community groups.
- Experienced workers seeking a formal qualification.
- Pre and post gate prisoners.

How is this qualification delivered?

This qualification is assessed in the workplace via portfolio of evidence.

What does this qualification cover?

To achieve this qualification, learners must complete the mandatory unit – assess, prepare, and undertake repair and refurbishment tasks. This unit is designed to ensure that individuals will:

- Understand the principles of reuse and refurbishment.
- Be able to prepare self and work area.
- Be able to assess suitability of items for repair and refurbishment.
- Be able to undertake repair and refurbishment tasks.
- Be able to store equipment safely.
- Be able to demonstrate repair and refurbishment.

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the CIWM (WAMITAB) Level 2 Award in Practical Reuse and Refurbishment do not require any other qualifications or levels of attainment to take this qualification.

What job role could this qualification lead to or support?

Learners that achieve the CIWM (WAMITAB) Level 2 Award in Practical Reuse and Refurbishment will be able to progress into employment in the resource and waste management sector supporting the transition to a greener, circular economy.

There is significant potential for employment within the resource and waste management sector in elementary occupations due to the labour-intensive nature of reuse and refurbishment activities. Achievement of this qualification allows learners to directly seek employment as:

- Reuse/Refurbishment operative.
- Waste/Recycling officer.
- Household waste recycling operative.

What next?

You can [become a CIWM member](#) and access an array of benefits tailored not only to provide you with all the tools you need to expand your knowledge, but also to boost your career.
