About this qualification

This qualification is ideal for new entrants to the industry or experienced workers that want recognition that they possess the competence required to work at an operative level within the waste and resource management industry.

This certificate is also suitable for apprentices as it forms part of the Sustainable Resource Management Apprenticeship.

Who is it for?

- New entrants to the industry
- Long-term unemployed who wish to retrain
- Apprentices
- Experienced workers that want evidence of their skills

How is this qualification delivered?

This qualification is assessed in the workplace via portfolio of evidence.

What does this qualification cover?

Learners must complete all mandatory units designed to improve team working skills, develop knowledge of health, safety and emergency procedures, and develop the skills to work productively.

Learners can then select units which reflect activities they undertake within their current or prospective job role, such as: team leadership, weighbridge operation, processing waste, collecting waste, or transporting waste.

These optional units ensure that learners have the knowledge and skills to accept, validate, handle, and load different types of waste, while maintaining equipment and delivering services to a high standard.

What are the entry requirements of this qualification?

This qualification is open entry. This means that learners interested in undertaking the CIWM (WAMITAB) Level 2 Certificate for Sustainable Waste Management Operatives do not require any other qualifications or levels of attainment. However, learners will need to be employed in a suitable position, or have access to the working environment, as the qualification is assessed 'on the job'.

What job role could this qualification lead to or support?

This qualification is ideal for people seeking entry to the waste and resource management sector, or those who are already working and require evidence of their competence. It is a flexible qualification that can be tailored to meet the requirements of specific job roles in the sector or within a particular organisation – these job roles include:

- Waste/ recycling operative
- Transfer station operative
- Compost operative
- Household waste recycling operative
- Manual/mechanical street cleaner
- Waste/ recycling collection driver

What are the opportunities for progression to further learning?

Learners that are interested in advancing their careers through further education can go onto study several qualifications at a higher level, including:

- CIWM (WAMITAB) Level 3 Certificate in Principles of Sustainable Resource Management
- CIWM (WAMITAB) Level 3 Diploma for Sustainable Recycling Activities (supervisory)
- CIWM (WAMITAB) Level 3 Diploma for Waste Supervisor

What next?

You can [become a CIWM member](#) and access an array of benefits tailored not only to provide you with all the tools you need to expand your knowledge, but also to boost your career.
